PRECISION BIOMETRIC

InnaIT IDENTITY SECURED

Zero Trust Identity Simplified Passwordless & Frictionless LogINs

THE THREE FACTORS OF DIGITAL IDENTITY

FACTOR 1
What you know
Passwords, PIN, OTPs
Something, only you know

FACTOR 2
What you have
Hardware Token
A physical device you carry

FACTOR 3
What you are
Biometric verification
Human Factor, the Real You

All three factors of Digital Identity, perfectly SYNERGIZED for Security & Convenience.

THE PROBLEM

62% of breaches

- Involve compromised credentials, phishing or social engineering. Passwords, SSO and MFA no longer stop modern identity attacks.
- Even passkeys stop at login. Attackers now target sessions, browsers and devices after authentication.

Why InnaIT?

- 100% Passwordless
- PKI + Biometric Technology
- Hardware-backed Identity
- IGA + Behavioural Biometrics
- Centralized Governance
- Cloud, Hybrid & On-Prem

InnaITKey
FIDO2 L2 Certified

One Unified Solution. All Identity Needs.

One User | One End-Point

01 DIRECTORY LOGIN
- Identity security with password and policy management handled through InnaIT.
